I have been advised, by classified message from the Office of the Secretary of the Air Force, that because of some very rapid research that you accomplished between 11 and 13 May, the Under Secretary of the Air Force had the facts at hand to make an important decision on 14 May.

I want to add my own congratulations to those from the Air Force, and to tell you that it is responsiveness like this that causes NPIC to continue to be held in high esteem throughout the community.

As you have no doubt been informed by your supervisors, I read and remarked on this Air Force message in my Staff Meeting 12 June. I am writing this additional note in less detail and at a lower classification, so that it may be included in your personnel record.

Sincerely yours,

25X1
